S I R:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98, the Examiner's attention is directed to the documents listed on the enclosed Form PTO/SB/08a. Copies of the listed documents are also enclosed.

The references submitted herewith have been reported in the priority French Patent Search Report on November 27, 2003 by the French Patent Office and in the specification. However, French reference nos. 2 652559 and 2741854 are not in English. We have, therefore, cited their U.S. equivalents (U.S. Patent Nos. 5,152,240 and 6,056,610) as well. Reference No. NL8700535 is cited as an "A" reference in the priority French Patent Search Report. It is believed that this constitutes a concise explanation of the relevance of this reference in accordance with 37 C.F.R. § 1.98(a)(3). However, if to consider this reference the Examiner requires additional information, a further concise explanation will be provided upon the Examiner's request.

In accordance with 37 C.F.R §§1.97(g) and (h), the filing of this Information Disclosure Statement should not be construed as a representation that a search has been made or that information cited is, or is considered to be, material to patentability as defined in §1.56(b), or that any cited document listed or attached is (or constitutes) prior art. Unless otherwise indicated, the date of publication indicated for an item is taken from the face of the item and Applicant(s) reserve(s) the right to prove that the date of publication is in fact different.

It is respectfully requested that the above information be considered by the Examiner and that the copy of the enclosed Form PTO/SB/08a be returned indicating that such information has been considered.

Respectfully submitted,  
COHEN, PONTANI, LIEBERMAN & PAVANE
